

Road Fuel Tanker: System Structure in General

Mini Fuel Tank Truck

Main Components:

- GuardMagic VB7 module;
- GuardMagic DLLS1 fuel level sensor for cargo tank;
(oo GuardMagic DLLE1+ GuardMagic JBB01)
- GuardMagic DLLS1 fuel level sensor for regular tank.

Fuel Tank Truck

Main Components:

- GuardMagic VB8 module;
- GuardMagic DLLE1 fuel level sensor for cargo tanks
(uninstall in each fuel compartment);
- GuardMagic JBB01-Intrinsically safe barrier. IP65 and
anti vandal design. Support up to two fuel level
sensors;
- GuardMagic DLLS1 fuel level sensor for regular vehicle
tank (each fuel tank);
- Connection cable (fuel, oil, water resistance).

Tractor + Fuel Tank Semitrailer

Main Components:

- GuardMagic VB8 module;
- GuardMagic DLLE1 fuel level sensor for cargo tanks
(uninstall in each fuel compartment);
- GuardMagic JBB01-Intrinsically safe barrier. IP65 and
anti vandal design. Support up to two fuel level
sensors;
- GuardMagic DLLS1 fuel level sensor for regular vehicle
tank (each fuel tank);
- Connection cable (fuel, oil, water resistance);
- Spiral cable and connectors (trailer-tractor connection).

Fuel Tank Truck + Fuel Tank Trailer

Main Components:

- GuardMagic VB8 module;
- GuardMagic DLLE1 fuel level sensor for cargo tanks
(uninstall in each fuel compartment);
- GuardMagic JBB01-Intrinsically safe barrier. IP65 and
anti vandal design. Support up to two fuel level
sensors;
- GuardMagic DLLS1 fuel level sensor for regular vehicle
tank (each fuel tank);
- Connection cable (fuel, oil, water resistance);
- Spiral cable and connectors (trailer-tractor connection).
